

## Decorate your house!

Show your patriotic side and make your bunting fly high and proud!

### How to make your bunting

Take a piece of A4 paper and fold down 2cm from the top edge. Fold the paper in half, lengthways. Take a ruler and draw a straight diagonal line from the top left corner down to the bottom right corner and cut out carefully. Open out the paper and you should have a triangle shape – your first piece of bunting! Repeat this process as many times as you like and decorate the triangles. Once they are all done, turn them onto their fronts and then use tape to stick down the very edge of the flap, leaving room to thread through some string, ribbon, wool or whatever you can find. Repeat with all the triangles and you have your bunting!
