

Dennis the Investigate dragon has been having fun making some tasty dragon egg snacks. Here are the instructions to make some of your own:

Dennis the Dragon's Tasty Dragon Eggs

~ What you'll need ~

- A saucepan
- Some eggs
- Food colouring
- Glass(es) or small bowl(s)

The eggs take a few hours to change colour so make these snacks in advance!

1. Boil some eggs. We placed our eggs into cold water and brought it to the boil, then let them continue cooking for 10 minutes.

2. Cool the eggs in some cold water and gently crack the shells by tapping them on a hard surface.

3. Add a few drops of food colouring to some water in a glass or small bowl and add the eggs. Leave for 2-3 hours.

4. Carefully peel off the shells to reveal your dragon eggs! If you aren't going to eat the eggs straight away, store them in the fridge.
